CALLS A MEETING OF ALL ASSESSORS

FIELDMAN FROM STATE TAX COMMISSION HERE TUESDAY.

TO DISCUSS VALUATION

Commission Also Wants to See That Increase in Levies Is Not More Than 10 Per Cent.

A meeting of the assessors of the townships of Nodaway county will be held next Tuesday at the court house for the purpose of conferring with the state tax commission, which will be represented by one of its field workers. It is the purpose of the meeting to discuss valuations and to receive instructions as to listing property at its true value.

The state tax committee has launched a movement for a thorough investigation of the taxable valuation of property in Missouri, along a line never undertaken in the past. The commission has directed the fieldmen to learn how county courts are obeying the law passed by the last legislature forbidding the increase of levies for this year's taxation in excess of 10 per cent of the levies last year.

The members of the state tax commission are Roy H. Monier, A. L. McCawley and W. A. Dallmeyer.

The letter from the commission is as follows:

"The state tax commission desires to consult with the several assessors before the present assessment is completed, and are setting dates and places for same which will be convenient to the assessors.

"The meeting which you are called to attend will convene at Maryville on Tuesday, October 4 at 11 o'clock and 2 o'clock.

"Please do not fail to attend these meetings as there are important matters which we wish to discuss with you. Your expenses will be borne by your county."

IRISH SOLUTION WILL BE PUT TO VOTE OF PEOPLE

Situation Is More Hopeful Than Ever Before, But New Obstacles May Appear.

Dublin, Oct. 1.—Whatever Irish solution that will be reached in the London conference on October 11 will be put to a vote of the Irish people, according to an announcement from the Sinn Fein headquarters today. The people of South Ireland are more hopeful of settlement than ever before, but this optimism retains the clouding fact that last minute obstacles may crop up.

LEAGUE TO VOTE AGAINST LIMITING MONROE DOCTRINE

Committee Recommends No Change be Made—Action Postponed on Article Ten.

Geneva, Oct. 1.—The amendment committee reported to the League of Nations assembly today, recommending that no change be made in the article of the league covenant dealing with the Monroe doctrine. China has been making an effort to put limits to the Monroe doctrine and prevent the league from recognizing Japan's position in China. China feared Japan would claim Monroe doctrine rights in the Far East upon the basis of existing treaties and agreements.

The committee postponed action on Article Ten, pledging members to guarantee existing boundaries of the member states. Canada has been managing a fight to have Article Ten eliminated. The league assembly voted today to create a special disarmament section of the league.

HIGH SCHOOL AND KING CITY CLASH

GREEN AND BLACK TEAM OPENS FOOTBALL SEASON

ROOTERS COME IN TRUCK

Visiting Eleven Has Live Bunch of Students Accompanying—Harvey Watson, Principal

Promising revenge for the defeat suffered yesterday at the hands of Kirksville by their fellow students in the State Teachers College, the Green and Black eleven of Maryville High School is playing King City on the College field this afternoon.

The High Cchool football men have been taking extra workouts to toughen up muscles which got soft during vacation. According to the latest dope, the team is near the standard of last year. Supt. L. E. Ziegler has drilled into them the motto, "Win if you can, but play fair."

The new suits have arrived. They are the best quality suits with extra padding on the weak spots where the player is most liable to get hurt. They are nile green and black. The jerseys have a strip of leather over the chests and sides, and the pants are of the very heaviest canvas with straps on the back of the legs to tighten them up so they will not sag.

Mickey, the High School's monkey mascot was brought here last week by Ernest Ellis from Pattonsburg and was introduced at the assembly yesterday and at the Kirksville game. He amused the fans by his apparent dislike of running a boarding house for cooties.

The King City squad, in charge of Harvey Watson, principal, and R. C Wheeler, coach, arrived in Maryville in cars this morning. Supt. M L. McCoy and a truckload of girl rooters arrived soon after noon.

Coach Wheeler announced his lineup as follows: G. Bulla, center; Spence, right guard; Rush, right tackle; Sherman, right end; Gants, left guard; Caton, left tackle; Berry lett end; Bradley, quarterback; Thrailkill, right halfback; Stewart, left halfback; Christie, fullback; Kennedy, Bacon, W. Bulla and Turner, substitutes.

Supt. L. E. Ziegler announced the following line-up to start the opening game.:

Carstens, right end; Eaton, right tackle; Blagg, right guard; Hall, center; Kissinger, left guard; Masters, left tackle; Ogden, left end; Barry, quarterback; Davenport, right halfback; O'Banion, fullback.

Other backfield men who may get into the game are Ellis, Fannon and England. Reserve linemen are Curfman, Hartman, Cook, Ledgerwood, Gex and Landfather.

Mr. and Mrs. Ed Otis, Mrs. Cooper Gooden and Mrs. Howard Strong motored to Kansas City today to visit over the week end with Mrs. Gooden's son, Forrest Gooden and family.

KIRKSVILLE DEFEAT ALMOST A VICTORY

IS GREAT CONTRAST TO RESULTS OF FORMER YEARS

ONE INJURY IN GAME

William Mapel Has Ligaments Torn In Right Ankle—Kirksville Man's Arm Not Broken

Other football results yesterday:

At Cameron—Missouri Wesleyan 23, Tarkio College 7.

At Liberty—Baker U. 27, William Jewell 0.

At Fayette—Central College 14, Kemper Military School 6.

Kirksville won, but the 13-0 of yesterday was not like the 96-0 of past years. A light team, playing together for the first time, met a heavy team composed of players who won the championship in 1920. The showing of the Bearcats is considered exceptionally good.

Paul Pickens, playing his fourth year as a member of the College team, was the outstanding star. He was the only backfield man who could gain consistently, and time after time his tackling stopped a Kirksville runner. Kirby performed well at center, and Steiger played a good game at end. Mapel received the only serious injury of the game, the ligaments being torn in his right ankle.

Three hundred College students, reinforced by a hundred from the High School and five hundred fans from the town, kept up the enthusiasm in the stands and on the sidelines. Between halves they poured from the stands and performed a snake dance on the field.

Kirksville opened the game by kicking off to the Bearcats, who failed to gain in three downs and punted. The Bulldogs likewise failed to make the necessary distance and punted. They again held the Bearcats without gain, and Lundt kicked to the 18-yard line. Kirksville made seven yards on two line plays and a 5-yard penalty for Maryville for offside play made it first down.

The heavy Kirksville back ripped through the center of the Maryville line for two gains of six and eight yards and first down. A fumble was recovered but lost three yards. An off-tackle smash made ten yards and the next play made it first down. The green and white line stiffened and held for downs, the ball changing hands. Lundt, on his own 10-yard line, got away a good kick for thirty-five yards, but Kirksville's safety man eluded the Bearcats tacklers and returned fifteen yards. Line smashes and short end runs twice made the necessary ten yards for first downs, and the Bulldogs had the ball on by three yards from the goal line when the whistle blew, ending the quarter. When the second quarter opened, the Green and White line held gallantly for three downs, but W. Bowles went over on the fourth plunge. Draper failed to kick goal, and the score was 6-0.

Kirksville kicked off to Lundt, who returned twelve yards. Two line bucks failed to gain, but on the third play Foreman took the ball around left end for fifteen yards. With a clear field to the goal line, he dropped the ball, recovering it an instant later, but by that time, a Kirksville tackler had cut off the possible touchdown.

Lundt was downed for a seven-yard loss, and attempted forward pass was incomplete. Pickens gave the fans a temporary thrill when he recovered Lundt's punt and dashed across the goal line. The crowd's ecstacy was short-lived, however, as the rules provide that the defending team must touch the ball before a player on the kicking side is allowed to take it.

A fifteen-yard penalty for holding stopped Kirksville's progress and they were forced to kick. It was Maryville's ball, but a moment later a Kirksville man intercepted a forward pass and ran to the 12-yard line. An end run produced no gain, and Mapel, who had been sent in for Adkisson, threw Wallace for a loss when he attempted to come through center. The tackle was hard, and doctors at the end of the half pronounced Wallace's arm broken. An ex-ray taken after the game revealed no fracture, however.

Taking the ball on their own 5-yard line, the Bearcats made one first-down before being forced to the center of the field. The half ended soon afterward, with the ball in Kirksville's posession.

Kirksville's touchdown in the third quarter came as the result of a Maryville fumble, recovered by a Kirksville man on the Bearcats' 14-yard line. A forward pass, Kirksville's first attempt at the overhead game was incomplete, and the line stopped three plunges. It was Maryville's ball on her own 7-yard line. A line plunge lost two yards. Lundt, behind his own goal line, kicked straight up in the air, and a Kirksville man recovered the ball on the 3-yard line, from where three line plunges carried it over. W. Bowles got credit for the touchdown, and Draper kicked goal, making the score 12-0.

Kirksville kicked to Pickens, who returned ten yards. A forward pass was incomplete, but after a three-yard gain by Pickens another pass, Foreman to Pickens, netted ten yards and a first down. A fumble gave the ball to Kirksville. The ball then see-sawed back and forth during the rest of the game. The Bearcats made one more firstdown on a twenty-five yard pass, Pickens to Steiger. The game ended with the Bearcats in possession of the ball near the center of the field.

FARMERS DISPENSE WITH HANDS TO CUT EXPENSES

One-Fourth of Men Ordinarily Employed on Farms in This County Now Out of Work

One-fourth of the men ordinarily employed on Nodaway County farms are now out of wark, according to estimates telegraphed last night to the national Department of Agriculture at Washington by R. A. Kinnaird, county farm agent.

From two-thirds to three-fourths of the farmers who formerly employed help have either dispensed entirely with help or have reduced the number of hands employed, according to the information gathered by the county agent. Every farmer is trying to cut expenses to weather the emergency of falling prices for farm products.

Farmers are now able to obtain help without any trouble, while several months ago it was difficult to secure farm help at any wage. No estimate was made of the prevailing wage scale.

There has been no noticeable reduction of cultivated acreage, Mr. Kinnaird says.

The figures collected from all over the country by the Department of Agriculture will be laid before the national unemployment conference now meeting in Washington.

THIS FATHER CAN BLOCK TARFFIC MOST ANY TIME

With Arms Full of Triplets, He Has Trouble Getting Through Curious Crowds.

Mr. and Mrs. G. B. Reed of Blockton, Ia., and their three little daughters, Mabel, Fern and Wilma, who are twins—beg your pardon, triplets—were the center of attraction wherever they went to day on Maryville streets. The sidewalk was almost blocked in several places as pedestrians gathered around trying to figure our which was Mabel and which was Fern and which Wilma.

The three little girls were born just two years ago last September 9. The last time they were placed on the scales, Mabel, or maybe it was Fern, weighed 25.7 pounds. Fern, if it wasn't Mabel or Wilma, weighed just a pound less, and Wilma, if it was Wilma, weighed 23 pounds.

Mr. and Mrs. Reed have one boy, John, who was 13 years old when the triplets were born. They are visiting Mrs. Reed's sister, Mrs. Edith Spurgeon.

As the crowd gave way a little, allowing him to move on a few feet with his precious cargo, the father confided, "I can block the traffic any time I want to."

MOUNT AYR PUPILS FIND 1921 CROPS LOST MONEY

Only A Few Corn Fields Were Grown At A Profit, According to Their Survey

At the community meeting at the Mount Ayr school last night a play "The Old and New School" was given by the students depicting the schools of fifty years ago and the schools of today. Hester Deneen is the teacher of the school.

The children demonstrated their work and study on weeds and their eradication.

The pupils at this school have figured it out that every crop raised this year by the farmers in that community with the exception of a few corn fields, has been at a loss, on the market price of grain. They have made a survey of the crops on every farm in that district by questioning the owner as to the amount of work required, the current wages, and the approximate yield, using as the basis a small portion of the field.

KANSAS MINERS TO DIG NO MORE COAL

RALLY TO SUPPORT OF ALEXANDER HOWAT.

DENY INDUSTRIAL COURT

Strike Will Also Disregard Warning of International Union—Howat Now in Jail.

Topeka, October 1—W. E. Freeman, president of the Kansas Federation of Labor, today sent Alexander Howat who is in jail, at Columbus, a telegram declaring that organized labor stands solidly behind him and that it will back the miners in their determination to mine no more coal while Howat is in prison.

Pittsburg, Kansas, Oct. 1—Twelve thousand miners of the Cherokee field are idle today. No strike has been called but the men went out in a spontaneous move to show allegiance to Alexander Howat and August Dorchy, who are in jail at Columbus because they refused to give bond not to call additional strikes. Cars stood on the tracks and steam sizzled from the mine engines, but no mines employing more than a dozen men were working.

A mass meeting of the miners is called for tomorrow at Franklin and it is expected that a strike vote will be taken at that time. It is predicted that a state wide strike will be called.

Pittsburg, Kansas, October 1—If a strike is voted tomorrow, it will mean an open defiance of John Lewis, and the International Union of Miners. Lewis had ordered Howat to call off the unauthorized strikes and the Indianapolis convention upheld his order.

That Howat has a wonderful hold on the men in Kansas was shown last night when the Miners' Union 1790 voted to recall from Indianapolis their delegate, Mulliken, who was one of the thirteen Kansas miners, who voted with the Lewis faction against Howat. Mulliken was notified today that he no longer represented the Pittsburg local and that his pay had been stopped.

There were no disorders in the coal districts today.

Not many towns the size of Hopkins send out poultry in carload lots but this stunt is pulled off quite frequently by Cox & Co., the Hopkins poultry dealers, the firm sending a carload this week to New York, Mr. Cox coming up from Atchison to help Wren Peve in looking after the shipment. It takes about twenty thousand pounds for a carload. Frank is now driving a new Cole Eight that weighs 4,300 pounds and as these cars sell at a dollar a pound, Atchison must be treating our former fellow citizen about right.

Welcome Old October! To us the most glorous month of the year. With the leaves on the beautiful steets of Maryville tinted many colors, the haze in the air in the evening and the zip of the frost in the morning there is no month like October.

A Maryville man says the phrase "Say it with flowers" is interpreted by some fellows to mean throwing boquets at themselves.

Uncle Abner says experience may be valuable but it is seldom worth making many mistakes to get.

The old boy of yesterday who claimed his wife drove him to drink lives anew in his daughter who says her husband drove her to smoking.

A woman residing on the east side christened her baby son, William Oliver Robert Kenneth. When asked why she gave her child so many names she replied that the first letters of each name when put together spell "Work" 'and she did want the baby when he grew up to take to it better than his father.

A friend of ours remarked to us the other day that you never know how little you know until your children get big enough to ask questions.

We were in a friend's office the other day when he got a letter from his son who is away to college. "I thought he was studying engineering but it looks like he is taking drawing lessons" he said. It seems it was the third time he had drawn on dad since the term started only a few weeks ago.

A Maryville insurance agent told us the other day that with so many men out of work the insurance premiums were being neglected in many cases.

We were in a restauarnt the other noon and noticed a man at a table nearby gazing at the calendar and grinning. He was a coal dealer.

A Maryville man says some men's money is hard earned but with a big lot of others it is hardly earned.

A bobbed haired flapper said her friends who get their hair cut at shops where they shave the back of the neck claim that it is an unpleasant experience because the growing hair irritates the back of their necks.

Many Maryville kids have been on melon swiping parties in the last few weeks. "Tasts better when you hook em" said one to us.

Dr. H. L. Stinson says the biggest fool he has ever encountered is the young fool who tries to act like an old one.

Louise, the stenographer, says some women may make a fool out of a man but she knows a lot of them who have made men out of fools.

We heard a newly wedded wife taking her husband to task for staying out so late. She told him in no uncertain tones that she would not stand for it. "Now look here, my dear," he replied, "you are unreasonable, as you know very well I acquired that habit while courting you."

The other noon two men parked their automobile near a restaurant, drew some gasoline from the car's tank and washed their hands with it before going into the eating place.

Just arrived car Wyoming Lump $11.75 per ton, delivered from car. Everhart. 1-4.

JOY BROUGHT INTO HOME

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have had six children die almost at birth. From one hour to nineteen days is all they have lived. As I was going to have another, I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of her. Everybody says, 'That is some healthy looking baby.' You have my consent to show this letter."—Mrs. C. W. BENZ, 131 3rd Ave., Altoona, Pa.

No woman can realize the joy and happpiness this healthy babe brought into the home of Mrs. Benz, unless they have had a like experience.

Every woman who suffers from any ailments peculiar to her sex, as indicated by backaches, headaches, bearing-down pains, irregularities, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.

TWENTY YEARS AGO.

Tuesday morning at 10 o'clock last week the Maryville Street Fair opened and continued open until the closing was announced by the electric light plant whistle at 12 o'clock Saturday night. The weather during the week was not the best in the world, as it rained nearly all day Monday, and the greater part of Wednesday night and Thursday. The displays and decorations were more plentiful and far prettier than one year ago. The Humbug Circus parade Wednesday evening was one of the best features of the week. Headed by a platoon of police, and followed by everything from a bare-back rider to the beasts of the jungles—it was good. The school children's parade was the big event on Friday, nearly 1,500 children being in line. Hopkins township won the prize of $50 offered by the association for the largest delegation in the parade. Mrs. Mary Roberts, aged 89, mother of Mrs. Lem Gault, won the gold spectacles offered by Dr. H. E. Moss for the oldest woman registering at his office during the street fair. Fred P. Robinson, president, N. Sturm, vice president, Frank Snodmaker, secretary, George L. Willey, treasurer, J. Woodson Smith, W. C. Pierce, J. A. Ford and C. J. Alderman constituted the executive committee and John W. Tompson, master of ceremonies.

Mrs. Mary Graham was in Saturday's parade, in a vehicle with her granddaughter, Miss Isora Graham, and Mrs. V. W. Keene. Maryville was named after her. She was 80 years old September 3, 1901, and is quite well preserved for her years.

Last Thursday evening about 9 o'clock an explosive was touched off in the Feurt & Martin acetylene gas plant and while it caused quite a shock no harm was done. An examination of the basement made immediately after revealed the fact that an explosive had been placed loose on top of one of the machines.

Frank Rowley has sold his 240 acre farm southwest of Maryville to A. C. Appleman of Mason, Ill., for $15,500, or about $65 an acre.

Next Week At the Movies

At The Electric

On Monday and Tuesday Constance Binney takes the feature role of Queen Anne Victoria, of a small kingdom in Europe, in her latest picture entitled, "Such a Little Queen." She is driven out of her kingdom by the Bolsheviki and seeks refuge in New York. She has no friends in America save the faithful Baron Cosaca, and finds hardships a plenty in the city. But because of her ability ta speak several foreign languages she is able to obtain a job in Wall Street and finds that even in a democracy, many business men are real princes. She is unable though to forget the boy king to whom she was betrother and an interesting series of happenings brings him to America, where they meet and "live happily ever afterwards."

Here is the review that one city paper published in regard to Alice Lake in "Over The Wire" which will be shown Wednesday and Thursday.

An eye for an eye; a tooth for a tooth—the old Mosaic code of ethics was called into play in "Over the Wire," in which Alice Lake stars, and thrilled the full-house audience which witnessed the first performance of this Metro picture, which will be shown at the Empire Theater.

But more—as they followed with bated breath the dramatic movements of the picture the audience was treated to as unexpected a climax as was ever unfolded. For the action moved relentlessly towards the gaining of vengeance by a young woman whose brother's death had been brought about by a financier; vengeance was almost consummated when suddenly, a flower of love sprung up from the bog of hate. It was a masterly situation, but then the creator of it was Arthur Somers Roche, the fictionist whose work in the magazines and between book covers ranks him among the best short story writers of the country.

As Kathleen Dexter, Alice Lake, gave a performance of surpassing skill and beauty. Her acting has finish and spontaneity; it sparkles brilliantly like diamond facets, leaving nothing to be desired.

On Friday Alice Calhoun will take the feature role in, "The Charming Deceivers." She plays the part of Edith Denton Marsden, a disowned daughter, whose husband is in prison for forgery. On the day she is evicted from her flat, her wealthy and lonely grandfather sends her an invitation to come and live with him. She instantly becomes a favorite with her grandfather, who after a short time encourages her marriarge to Richard Welling, a neighbor, who has grown to care for her. Meanwhile her husband escapes from prison and comes to see her. She admits him as her brother, and she causes lots of trouble in the household. A short time later he is killed by the police who is on his trail. After the real grandson makes his appearance and Edith and Richard are united.

On Saturday Elaine Hammerstein will appear in, "Remorseless Love" a concise story of mountain tued life, in Tennessee. She takes the part of Ruth Baird, related to both the Hatfields and Morrisons, and the trouble begins when young Enoch Morrison comes home from college and starts to make love to her. Cameron her cousin is in love with her and gives her to understand that the old feeling between the two families is as strong as ever. In a series of events Cameron is mysteriously murdered and Enoch is acused. But he is exonerated at the trial and he and Ruth put an end to the fued by getting married.

At The Empire

Those who have enjoyed reading Robert W. Chambers' society stories as they appear in magazine and subsequently in book form will welcome the news that his recent brilliant story, "The Restless Sex" has been picturized and will be seen Monday and Tuesday. Pretty Marion Davies is the star.

"The Restless Sex" centers around Stephanie Cleland, a vivacious society girl with an ambition to experience life to the full. Her love of excitement leads her into several thrilling adventures and an unfortunate marriage. However, true romance finally asserts itself, and the ending is a happy one.

Carlyle Blackwell and Ralph Kellard have the leading roles in support of Miss Davies. Frances Marion adapted the story for the screen and the film version was made by Cosmopolitan Productions for Paramount release. Robert Z. Leonard directed.

A special Paramount feature "Out of the Storm" will be shown Wednesday and Thursday. This is one of the Eminent Authors series which has been booked at the Empire. The picture is taken from Gertrude Atherton's well known novel. This picture is shown by an all star cast and should be well liked by those who enjoy the higher class of motion pictures.

On Friday and Saturday, Ethel Clayton will be shown in "The Price of Possession." The story is built around Helen Barston, the widow of Jim Barston, who was mysteriously shot and killed in Australia. Because of her husband's death she lays claim to the Barston Manor in England, on the claim that her husband was the missing son and heir. She goes to England and convinces the trustees and is installed as mistress of the manor. The real heir appears in the person of another Jim Barston, whom the dead man resembles strongly. Barston produces his birth certificate, but Helen believes that he stole it from her husband. She tries to recover the document from Barston, is detected by him in the act, leaps through the window and falls in the water underneath. Barston rescues her. The country people, who adore Helen, attack Barston, but Helen intervenes and saves him. She now tells Barston she now believes him to be the rightful heir and leaves the manor. Barston, realizing that he loves Helen, follows her to the steamer on which she intends to sail and persuades her to return and marry him.

TO REDUCE FARM FIRE LOSSES DURING WEEK

Fire Prevention Week, October 2-9, Should Be Observed By Going Over Premises

Secretary Wallace endorses Fire Prevention Week.

National Fire Prevention Week in to be observed October 2-9.

Its object is to call attention to the vast annual loss by fires which might have been prevented, and to emphasize the necessity of safeguards against future fires. The Nation's total fire loss is estimated at 15,000 lives and $500,000,000 in property each year.

According to the statistics of the National Board of Fire Underwriters there were 38,266 fires on farms in a single year—1918—and the estimated loss was $18,166,710. That means that 38,266 rural families in 1918 suffered loss in degrees varying from slight damage to the loss of home, live stock and, in many cases, human life.

Farmers, and all persons in rural communities, well may join in the observance of fire prevention week, both individually and in public gatherings, such as schools, churches, and farm organizations. Henry C. Wallace, Secretary of Agriculture.

Farm fires cost about $20,000,000 a year—$18,166,710 in 1918. Of the fires that year 33 per cent were from causes classed as preventable, 37 per cent from partly preventable causes, and 30 per cent unknown but believed to have been largely preventable. With inadequate fire-fighting equipment on farms, fires are hard to control. Prevention is the best way to deal with them.

Defective chimneys and flues took toll to the extent of $1,962,031; sparks on roofs, $1,181,171; careless use of matches by smokers and others, $1,071,987; petroleum and its products, $732,067; and stoves, furnaces, boilers, and their pipes, $674,968.

The largest item listed as partly preventable is lightning, $3,933,950.

Fire Prevention Week should be made a special time for looking over the premises to see that the buildings are in the best praticable shape to prevent and resist fire; that inflamable rubbish is cleared away; and that habits of safety are instilled in the handling of matches, lamps, stoves, and kerosene and gasoline.

Gasoline has come to play such an important part in farm life that special care should be taken to see that it is not stored in inflamable buildings, and is never opened in the presence of uncovered flame.

TELEPHONE ROW ENDED BY ELECTION OF NEW BOARD

Mutual Company at Burlington Junction Now Has Balance on Hand of $566.66.

An entire new board of directors for the Mutual Telephone Co. at Burlington Junction was elected at the annual meeting held Saturday. The election of all the members of the board was caused by the resignation of Lon Monk, the failure of John Boyer to quality when elected, and the expiration of the term of W. P. Huston.

The meeting Saturday was called to order by Mr. Monk, president of the retiring board, and after the selection of a temporary secretary the financial report was read by R. N. Barber, treasurer. This report showed that on September 30 of last year, when the previous annual meeting was held, there was a deficit of $1,792.41. Receipts during the year were $9,058.55 and disbursements $6,699.48, leaving a balance on hand on Saturday of $566.66.

Following the financial report the election of the board members was held. The by-laws were first amended, however, so that in the future two members of the board will reside in town and one in the country, instead of two in the country and one in town. This change was made in order to lighten the work of the man in town, who is responsible for a great deal of the company's actions. Directors elected were Knox Alexander, three year term; Berry Hann, two year term; Richard Tobin, one year term.

C. D. Lane was elected as treasurer in place of R. N. Barber, who refused to qualify if re-elected. An auditing committee composed of W. G. Carpenter, T. E. Fordyce and Edwin Lewis was appointed to audit the books before turning them over to the new treasurer. —Burlington Junction Post.

Just arrived car Wyoming Lump $11.75 per ton, delivered from car. Everhart. 1-4.

Hilltop Happenings

Hats off to the Bearcats! They deserve great credit for their showing against Kirksville. The boys should feel encouraged over yesterday's game. We'll "wager" that the last chapter of the game with Graceland College next Friday will tell a different story.

And hats off to the student body. They gave the team great support. And they should be commended for the hospitality they extended to the visiting Bulldogs. A party was given at the College last night in their honor and if the "Kiddie Kar Race" was any indication, we believe they thoroughly enjoyed the evening.

"Gosh, how I did want to beat you in that last half" was Coach Sprong's comment to the Kirksville coach after the final whistle. We believe that he wanted to win that game worse than any member of the team or student body.

Many comments were heard from the student body about the real support given the College by the Maryville residents and business men. Such support furnishes strong incentive for greater accomplishment on the part of every on connected with the college.

Time changes lots of things. It used to be Tramp, Tramp, Tramp, the Boys are marching." But if you hear the sound of marching footsteps from your bedroom window early in the morniag don't be alarmed. For it is "Tramp, Tramp, Tramp, the Girls are Hiking," for a jaant in the country. The Husky Hikers have started the season right, and almost every morning and evening finds some patrol headed for the open country. One party hiked to Wilcox, another to Elm Grove, and other hike leaders lead their "gangs" in different directions from Maryville. This hiking seems to be the means of working up a good appetite, for one girl came home hungry as a bear and said that the wieners were insufficient to stave off her increasing appetite. The quartermaster will have to increase the rations in the future.

The Green and White Courier, the weekly college paper, will make its first appearance of the fall quarter next Wednesday. It is published by the students in the journalism classes under the supervision of Miss Beatrix Winn. Mabel Cook has been elected editor-in-chief with Lucile Holmes and Harold Houchens as associate editors. The class reporters chosen are Helen Dean, Senior, Mildred Shinabargar, Junior, Laveta Epperson, Sophomore and Ora May Condon, Freshman. Gordon Roach is athletic reporter. The Courier will be all news this year as no advertising will be solicited.

NO WOMEN ON JURIES ACCORDING TO LAW

The Section Referring to Jury Service Limits the Panel to "Male Citizens of the State"

Women cannot perform jury service in Missouri until the legislature changes or amends the present law. That is the opinion of Judge Latshaw, of Kansas City, who will apprise the circuit judges of Jackson County of his findings.

At the special election in August the people of Missouri voted in favor of the amendment granting women the right to hold public office. The question then arose as to whether women could perform jury service.

The circuit judges of Jackson County appointed Judge Latshaw and Judge O. A. Lucas as a committee to examine into the law of the question. Judge Latshaw was named chairman of the committee. Judge Lucas is said to be out of the city. Whether he agrees with Judge Latshaw is not known.

Judge Lashaw takes the position that the present statutes of Missouri relating to jury service must be changed or amended before women can serve. The section of the statutes having to do with qualifications of jurors plainly states such persons must be "male" citizens of the state Judge Latshaw points out.

The section of the Revised Statutes of Missouri, 1919, dealing with the "qualification of jurors," states:

Every juror, grand and petit, shall be a male citizen of the state, resident of the county, sober and intelligent, of good reputation, over 21 years of age and otherwise qualified.

Upon that section of the statutes Latshaw is said to have based his opinion principally.

PICKERING WINS AGAIN FROM SHERIDAN TEAM

Smaller High Schools in County Begin Season in Outdoor Basketball.

The Pickering High School basket ball team was again victorious over the Sheridan High School team in the game played last night at Sheridan. This makes two consecutive wins for the Pickering five as they defeated Sheridan last Friday night in the game played at Pickering.

Burke starred for Pickering with seven field goals to his credit. Rickard came next in the scoring with two field goals and two free throws to his credit, and Houston tallied two free throws and one field goal. F. Smith played a very consistent defensive game at guard. The first half ended with Pickering leading 13 to 8. "Bill" Chapman of Rosendale refereed the game.

A large crowd of rooters accompanied the Pickering team and did their share toward bringing home a victory.

Alice Barrett was elected captain of the girls basket ball team of the Skidmore high school at a recent meeting.

As soon as possible a court will be arranged and baskets put up for the use of the girls' teams. The school has first and second boys' teams, the first team holding an organization meeting Tuesday night and electing Homer Beverlin as captian. Dean Sauceman, basketball center last year, goes to Westboro soon to live.

Guilford won the first inter-high school game of the season last Friday evening when the boys team beat Barnard to the tune of 31-18.

Graham High School defeated the Guilford team, 26-9, in a game played at Guilford last night.

Elliott Lister has been chosen captain of the boys team at Clearmont and the boys are holding outdoor practices whenever the weather is favorable. The Clearmont school will go in strong for athletics this year and will have a girls team also with probably second teams of both boys and girls.
